

Dolgin Debuts TC400 4-Position Battery Charger for Sony Alpha cameras

July 20, 2014

Lexington, MA – Dolgin Engineering is expanding its line-up of 7.2V battery chargers by introducing the TC400, a fast 4-position microprocessor-based battery charger for Sony (and non-OEM, aftermarket) NP-FW50 battery packs.

Designed for video production studios and rental facilities, the unit is designed to provide fast, reliable charging of multiple NP-FW50 batteries for both in-house and field use.

According to company president Alex Dolgin, "Due to the great success of our TC400 charger line, we've responded to numerous requests for a 4-position charger for Sony Alpha series cameras".

The TC400-SON-FW50 incorporates a host of key features including:

- Fast, safe simultaneous charging of NP-FW50 packs.
- Digital LCD display indicates the battery pack capacity.
- As a battery being charged, charge status is displayed in Volts, Ah, and percent of charge
- Each of the 4 channels is fully independent of the other.
- Worldwide 100-240V AC power.
- Sleek, small and lightweight package (WxHxD) 8.4" x 2.5" x 6.6".
- Designed and manufactured in the USA.
- Warranty 2 years.

The TC400-SON-FW50 also features a highly efficient smart charging circuit. "It takes only about 2 hours to charge a NP-FW50 battery pack. The pack can be left on the charger after the charge is complete," said Dolgin.
