

Dolgin Debuts On-The-Go TC400 Battery Charger Field Kit

January 20, 2013

Lexington, MA – Dolgin Engineering, a leading provider of fast multi position battery chargers and DC power adapters announced the release of a new battery charger travel kit.

Designed for video production studios and rental facilities, this unit affords a robust and convenient tool for storage and safe transportation of Dolgin chargers and accessories.

According to company President Alex Dolgin, "After the success of our TC400 charger line, we received many requests for a battery charger travel kit."

The **Dolgin On-The-Go TC400 Battery Charger Field Kit** incorporates a TC400 Battery charger in a hard-sided trusted Pelican case with custom foam insert. It is perfect for users who have to

travel and work off site in demanding conditions. The case houses a battery charger and an AC adapter with space for batteries, cables, and other accessories. The battery charger comes configured with premium "mousetrap" lock/release battery plates. The standard 2 year Dolgin manufacturer warranty is extended by an additional 1 year for a total of 3 years.

- Hard Pelican Case
- Premium "mousetrap" lock/release plates
- 3 year warranty
