

Dolgin Debuts 4-Position Battery Charger for JVC BN-VC296G batteries

June 1, 2022

Lexington, MA – Dolgin Engineering, a leading provider of fast multi position battery chargers and DC power adapters announced the release of a new 4-position battery charger TC400-JVC-296 for JVC BN-VC296G batteries.

Designed for video production studios and rental facilities, the unit is designed to provide fast, reliable charging of multiple BN-VC296G camera batteries for both in-house and field use.

According to company president Alex Dolgin, "Due to the great success of our TC400 charger line, we've responded to numerous requests for a 4-position charger for the new JVC GY-HC500/HC550 cameras".

The TC400-JVC-296 incorporates a host of key features including:

- Fast, safe simultaneous charging of BN-VC296G packs.
- Digital LCD display indicates the battery pack capacity.
- As a battery being charged, charge status is displayed in Volts, Ah, and percent of charge
- Each of the 4 channels is fully independent of the other.
- Worldwide 100-240V AC power.
- Sleek, small and lightweight package (WxHxD) 8.4" x 2.5" x 6.6".
- Designed and manufactured in the USA.

The TC400-CAN-A60 also features a highly efficient smart charging circuit. "It takes only about 5 hours to charge a high capacity battery pack. The pack can be left on the charger after the charge is complete," said Dolgin.
